Hello

Have you experienced any symptoms of COVID-19, including a fever of 100.0 degrees F or greater, a new cough, sore throat, loss of taste or smell or shortness of breath that started in the past 10 days?

○ No

○ Yes, and I have received a negative result from a COVID-19 diagnostic test performed by a health care provider OR I am a student or school-based staff member who received two negative results from a take-home test taken at least 24 hours apart since the onset of symptoms AND have only mild symptoms (no runny nose; if cough, cough minimal and non-productive; fever-free for 24 hours without the use of medication).

○ Yes, and I am a school-based staff member returning on Day 6 of isolation with mild symptoms (no runny nose; if cough, cough minimal and non-productive; fever-free for 72 hours without the use of medication), wearing a higher-grade face covering such as a KN95 or N95.

○ Yes, and I am not in the categories above.

COVID-19 Testing Consent

The New York City Department of Education (NYC DOE), working with NYC Health + Hospitals and the New York City Department of Health and Mental Hygiene, has partnered with laboratories and other providers to test NYC DOE students, teachers, and staff members for COVID-19 infection.

Our laboratory and provider testing partners will come to every school periodically to test a sample of the students, teachers and staff. If you consent, you may be selected for testing on one or more of these occasions, and you may also be tested in accordance with state and city mandates, or if you exhibit one or more symptoms of COVID-19, or if you are a close contact of a student, teacher, or staff person with COVID-19 infection, or in connection with your involvement in an extracurricular activity for which testing may be conducted.

If you consent, you will receive a free diagnostic test for the COVID-19 virus. Collecting a specimen for testing involves inserting a small swab, similar to a Q-Tip, into the front of the nose and/or collecting saliva.

COVID-19 test results will generally be provided within 48-72 hours. If your test results are positive, you must stay home, and should inform your supervisor and contact your doctor immediately to review the test results. If you test negative but have symptoms of COVID-19, or if you have concerns about your exposure to COVID-19, you should call your doctor. If you need help finding a doctor, call (844) NYC-4NYC.
