# BOOK SWAP

**MONDAY, JUNE 26**

**What better way to kick-off the summer reading season, and highlight the importance of both literacy and giving back within our community, than with a Book Swap?**

**Students are encouraged to bring in up to 5 gently used books to donate to the book swap. Books can be brought in any day from now until Monday, June 26, 2023 and given to the classroom teachers. The swap will take place during school hours on Monday, June 26th at both campuses. On that day all students will have the opportunity to choose a couple of books to keep.**

**The goal is for every student to get books, regardless of whether they bring in a book or not. We can accept up to 5 books maximum per student. Extra books will be donated to the local community after the swap.**
